Andre,

I have spoken with Captain Zarcone regarding LADOT's support for this event. To provide an overflow area for the Church, LADOT will be provide the following support:

Street Closures (Completed by 8am)
1) West side of Vermont frontage between 80th St & 81st St
2) 81st St between New Hampshire & Vermont

Parking Restrictions (No Stopping Anytime, 7AM to 4PM)
1) West side of Vermont frontage between 79th St & 81st St
2) 81st St between New Hampshire & Vermont

LADOT staff will be on site and coordinate with LAPD if any additional closures or support is necessary. If you have any questions, please call me at 213-760-2961.

Thanks Greg. I am attaching a flyer for the event, which was described to MEG and staff as a meeting of top gang leaders in hopes of reaching a new truce.

Earlier today, I spoke to Shawn Ingallina, director of security for the Church of Scientology community center. He should be the point of contact for LAPD, and can be reached at **(310)-946-2853**.

Organizers are meeting this afternoon with Captain Zarcone in the 77th. Shawn relayed to me that the ideal closure, whichever is provided, would ideally be 9 a.m.-2 p.m. At this point, he expects up to 1,000 people.

A contact for the event would be Brother Rizza Islam, who can be reached at **(310) 505-5201**. He understands that further information may be needed.

Let me know if there are any more questions I can answer. I have been in close contact with both of these gentlemen throughout the day.

Thanks,
dre

Hey folks...

I'm starting a new thread, and including Seleta and Ed Yu from DOT.

Seleta/Ed/DOT are ready to help, but they need the following:

-Clarity on what type of activity the closure is for (this impacts what *kind* of closure they'd do, how many people are involved, what resources are needed, etc.; there are many types of closures);

-Point of contact at LAPD; they need to coordinate with PD on a major street closure like this in order to, if nothing else, understand what each group is doing...and in order to give public notice (there are a bunch of businesses on this stretch - and *not noticing* will create a shit-storm)

-Point of contact for the event (I presume)

Also, Ed/Seleta...Andre Herndon (on this e-mail - and Mayor's office point on this event) spoke with the event folks, and they said they *could* settle for closing the intersection of Vermont/81st *"to the back street as well as the island"* (I don't know what this means), but our preference would be to accommodate the original request if possible.

Andre/Thalia...can y'all please help with these questions? DOT is ready to go - and Dan Rodman will be MOCS point on this moving forward.

Thanks,
G.
